Designed for Comfort . Built for collaboration
WINTECH®
2025
Sofa Series

Wintech's new venture into sofa design complements its signature acoustic pod, creating a perfect set for open-space environments. This combination offers both openness and privacy, delivering the best user experience. By selecting premium materials and ensuring high-quality craftsmanship, the sofa delivers exceptional comfort and durability—built to withstand everyday use while enhancing any modern workspace, lounge and more area.

WINTECH®

3C Fabric

3C-TEX specializes in engineering **functional fabrics** tailored for performance-driven applications, such as outdoor gear and athletic wear, with properties like water resistance, breathability, and comfort. Committed to **sustainability**, they innovate with recycled materials and bio-mass alternatives to reduce environmental impact.

The company emphasizes **customization**, collaborating closely with clients to develop bespoke textile solutions for unique requirements. With a **global presence**, 3C-TEX actively engages in international industry events to showcase innovations, connect with trends, and strengthen partnerships worldwide.

4000 knit

PFAS FREE

Waterproof

The sofa’s high-performance fabric is expertly engineered for effortless maintenance and cleaning, incorporating a durable waterproof barrier that actively repels liquids, stains, and spills—from coffee and wine to food accidents—while preserving its pristine appearance over years of use. This advanced material ensures worry-free living, offering peace of mind for families, pet owners, or busy households seeking to protect their investment in style and comfort

The innovative **MDF Carb P2** composite—a lightweight, high-strength panel infused with 42% recycled carbon fiber—offers exceptional durability and eco-friendly performance for modern furniture and architectural applications.

MDF Carb P2

42 High Density Foam

This sofa features a 2-year warranty against foam deformation, ensuring long-lasting shape retention and structural integrity for enduring comfort.

The Wintech Sofa Series are meticulously crafted with exceptional quality in mind. Every element, from the carefully chosen materials to the detailed fabric selection, is designed for lasting durability and comfort. The fabric is not only soft and luxurious but also selected for its resilience and timeless appeal. With a robust structure, the sofa is built to withstand everyday use, ensuring both long-lasting functionality and enduring style that will elevate any space.

Quality Made

Highlight Unique Features:

- Emphasize safety, comfort, and durability in marketing.

Strengthen Quality Control:

- Implement consistent inspection across production stages.

Innovate with Materials:

- Explore smart fabrics, ergonomic features, or modular designs.

Enhance Customer Service:

- Provide care guides, maintenance tips, and responsive support.
